What is Rhumba 4 Rainbow?

The Rainbow Project is a local nonprofit counseling clinic that provides crisis treatment and early intervention services for young children and their families who have experienced or witnessed trauma, including child sexual abuse, neglect and/or domestic violence. Established in 1980 by Sharyl Kato, Executive Director, the clinic has provided services for over 10,284 children and 9,534 caregivers. The Rainbow Project is well known not only locally, but also nationally for pioneering techniques in prevention, trauma recovery, and developing programs which have been shown to break the cycles of family and community violence.

The Project's unique "hands on" approach is unlike that of any other therapy clinic because it includes home, day care and school visits. In fact, this is one of the reasons why working with Rainbow is part of the curriculum for all University of Wisconsin, Department of Psychiatry, Child and Adolescent Residents who elect to specialize in child psychiatry. The Rainbow Project works closely with all levels of law enforcement and the courts not only to protect the rights of abused children, but also to bring the offenders to justice. Many of Rainbow's clients are referrals from the legal system who are the victims of severe tragedies in our community.

However, in order to maintain this high level of service (which makes their comprehensive evidence based, early intervention treatment programs so successful), Rainbow relies heavily on private funding in addition to government grants. This has proven to be even more critical over the past few years with recent budget cuts to all levels of government funding. As a result, eight years ago Sharyl decided to combine her love for salsa dancing with a fundraiser for traumatized children and their families...hence, RHUMBA 4 RAINBOW!

What makes Rhumba 4 Rainbow so unique & successful?

The event features a very diverse crowd (**last year we had over 700 guests!**). It is a time when the business sector, government officials, the community and "salseros" all come together for a night of dancing and fun while raising money for a good cause.

Where did the name "The Rainbow Project" come from?

The Rainbow has always been used as a symbol of hope. It is a promise that something is sure to follow. In the midst of a rain storm, the sun appears and creates a rainbow. And every child knows the legend of the pot of gold at the end of the rainbow. We decided to use it because it was simple, positive, and friendly something that young children could easily say and remember.

Committed to the health of the community

Brandon Segovia & Serena Pav

Chicago, IL

Making their 9th appearance at Rhumba, Brandon Segovia, age 23, and Serena Pav, age 21, have been dancing competitively together for over 15 years. Brandon is currently working on his Masters Degree at DePaul University while Serena is completing an internship at Morgan Stanley Wealth Management. They continue to travel and compete in cities around the nation,

most recently including the Millennium Dancesport Championships in Tampa, Florida and the Manhattan Dancesport Championships in New York City. They were also featured on Season 14 of *Dancing with the Star's* Ballroom Battle making the semi-finals under the instruction of pro Karina Smirnoff.

Rhumba 4 Rainbow is a wonderful event where adults can dance and play — but we all know that many children in our community don't have safe places to dance and play.

That's why CUNA Mutual Group is proud to support the Rainbow Project in their efforts to help children deal with stress and trauma, making life safer and happier for those who deserve it the most.

Brandon Ayala & Natasha Silva

San Diego, CA

Brandon, age 16, is trained in Ballet, Lyrical, Jazz, Hip-Hop, Salsa, Mambo and Pachanga. In 2013 he started dancing with Natasha Silva in San Diego. Brandon Alex Ayala started dancing in 2003 at the tender age of 3. He was born with dance in his blood and the music in his heart. A born performer he started dancing at Quinceaneras and weddings, and it all changed the moment his mother opened Lines Dance Studio. Brandon was around dancing all the time and this made the spark inside him grow into a big fire. In 2009, he started dancing with the Team Los Peques De La Salsa (The Little Ones of Salsa) performing for the first time in July 2010.

Natasha, age 13, is trained in Jazz, Contemporary, Lyrical, Tap, Afro-Cuban, Salsa, Hip-Hop, Punta, Bachata, Merengue, Cumbia, and Swing. Natasha started to dance at the age of 3 and currently practices 4 hours a day. She has traveled to Japan, Turkey, and half of the United States. Her favorite place to be is her dance studio. Natasha's favorite Disney character is Stich from Lilo and Stich, and her favorite TV show is Once Upon a Time. Natasha loves the color neon green, and her favorite numbers are 3 and 23.

Salsabrosa Dance Company of Milwaukee

Artistic Director, dancer and choreographer, Daniel Balderas, formed the Salsabrosa Dance Company in 2008. This high energy dance troupe has performed throughout Wisconsin and the Midwest, specializing in salsa, bachata and other tropical dances. Daniel teaches lessons 7 days a week in Milwaukee.

Over the last 10 years he has won over 15 local and regional salsa competitions. He is also a CLC wellness vendor for MPS and is the producer of the Wisconsin Salsa Open. Salsabrosa Dance Studio has opened for Leslie Grace, Toby Love, Bachata Heightz, Johnny Skye, Monchy y Nathalia, Mambo 7, Karlos Rose, Ray De La Paz, Havana D'Primera, Tito Nieves, Andy Montañez, and El Gran Combo De Puerto Rico. They've performed at the Milwaukee Art Museum, the Harley-Davidson Museum, and Michigan Tech, amongst many other venues.

They've also been awarded "Best In Show" at the Chicago International Salsa Congress in 2012 AND 2013!

"Ensuring Every Child Has a Rainbow"

Children's Artwork Tile Project

Into everyone's life, a little rain must fall. While probably true, when a 'little rain' turns into a constant downpour of pain, violence, stress, grief, anger, fear, isolation or misunderstanding, children and families cannot grow the way they should.

The Rainbow Project provides counseling and other services to help children and families restore feelings of safety, stability and self-worth.

That is why The Rainbow Project is launching its Children's Artwork Tile Project entitled, "Ensuring Every Child Has a Rainbow".

You may purchase a tile already completed by one of Rainbow's children or make your own.

Individuals, families, groups and businesses are all encouraged to participate so more children receive help, healing and hope.

All proceeds will go to The Rainbow Project's Sustaining Fund.

6" x6" tile - \$125

12" x12" tile - \$250
